OBJECTIVE

Motivated and detail-oriented Full Stack Developer with hands-on experience in building dynamic and responsive web applications. Adept in ReactJS, NodeJS, and database management, I aspire to contribute to innovative projects in a challenging environment that encourages continuous learning and professional growth.

Professional Experience

Full Stack Web Developer Intern | Intellipaat Software Solutions Pvt. Ltd. | Aug 2024 – Apr 2025 (9 Months) | Bengaluru, Karnataka, India (Remote)

- Collaborated on building a full-featured **e-commerce web app** using the **MERN stack**.
- Implemented **JWT-based authentication** with role-based access control.
- Developed core features: **user login, product catalog, cart, order placement, and admin dashboard**.
- Built **responsive**, **dynamic UI** using **React**; managed state using **Redux**.
- Handled backend **CRUD operations** using **Express.js and MongoDB**.
- Integrated **secure payment gateway** using third-party API.
- Performed **testing/debugging** for cross-device responsiveness.

PROJECTS

Secure User Authentication API (GitHub Repository)

• Developed **RESTful API** for user registration and login using **NodeJS, ExpressJS, and MongoDB**.
• Ensured secure authentication with **bcrypt password hashing** and **JWT token generation**.
• Integrated **error handling** for invalid logins and duplicate user entries.

Portfolio Website (GitHub Repository)

• Created a professional portfolio using **ReactJS** with dark/light theme toggle and resume download.
• Highlights: **Responsive layout**, clean UI, interactive sections showcasing projects and certificates.

Image Search Application (GitHub Repository)

• Built a responsive front-end using **ReactJS** and **Unsplash API** to display search-based image results.
• Features: **Loading spinner**, **error messages**, **routing**, high-res image links.
• Implemented **React hooks** and **context** for effective **state management**.

KEY SKILLS AND TOOLS

Frontend: HTML, CSS, JavaScript, ReactJS
Backend: NodeJS, ExpressJS
Databases: MongoDB, MySQL
Skills : Web Development, Front-End Design, API Integration, Database Management, Debugging and Testing, Version Control System

EDUCATION

• Degree : Masters OF Computer Applications
College : Techno Main Salt Lake, Kolkata
Passing Year : 2024
CGPA : 7.37

• Degree : Bachelors OF Computer Applications
College : Narula Institute OF Technology
Passing Year : 2022
CGPA : 8.97
