Summary

Motivated and detail-oriented Full Stack Developer with hands-on experience in building dynamic and responsive web applications. Adept in ReactJS, NodeJS, and database management, I aspire to contribute to innovative projects in a challenging environment that encourages continuous learning and professional growth.

Professional Experience

Full Stack Web Developer Intern | Intellipaat Software Solutions Pvt. Ltd. | Aug 2024 – Apr 2025 (9 Months) |
Bengaluru, Karnataka, India (Remote)

- Collaborated on building a full-featured **e-commerce web app** using the **MERN stack**.
- Implemented **JWT-based authentication** with role-based access control.
- Developed core features: **user login, product catalog, cart, order placement, and admin dashboard**.
- Built **responsive, dynamic UI** using **React**; managed state using **Redux**.
- Handled backend **CRUD operations** using **Express.js and MongoDB**.
- Integrated **secure payment gateway** using third-party API.
- Performed **testing/debugging** for cross-device responsiveness.

Achievement:

★ Received appreciation from the project mentor for delivering a high-performance admin dashboard with **30% faster data load times** through **optimized state management** and **lazy loading techniques**.

PROJECTS

Secure User Authentication API ([GitHub Repository](#))

- Developed **RESTful API** for user registration and login using **NodeJS, ExpressJS, and MongoDB**.
- Ensured secure authentication with **bcrypt password hashing** and **JWT token generation**.
- Integrated **error handling** for invalid logins and duplicate user entries.

Portfolio Website ([GitHub Repository](#))

- Created a professional portfolio using **ReactJS** with dark/light theme toggle and resume download.
- Highlights: **Responsive layout**, clean UI, interactive sections showcasing projects and certificates.

Image Search Application ([GitHub Repository](#))

- Built a responsive front-end using **ReactJS** and **Unsplash API** to display search-based image results.
- Features: **Loading spinner, error messages, routing**, high-res image links.
- Implemented **React hooks** and **context** for effective **state management**.

KEY SKILLS AND TOOLS

Frontend: HTML, CSS, JavaScript, ReactJS

Backend: NodeJS, ExpressJS

Databases: MongoDB, MySQL

Skills : Web Development, Front-End Design, API Integration, Database Management, Debugging and Testing, Version Control System

EDUCATION

- Degree : Masters OF Computer Applications
College : Techno Main Salt Lake, Kolkata
Passing Year : 2024
CGPA : 7.37
- Degree : Bachelors OF Computer Applications
College : Narula Institute OF Technology
Passing Year : 2022
CGPA : 8.97
